

Hello,

Today I am writing to you as a co-member of our State Society and asking you to consider participating in an ASAPAC event. The ASAPAC executive board will be hosting a virtual culinary experience with special Guest celebrity chef Lorna Garcia on Sunday, March 24 at 7:30 PM ET. Chef Garcia has been featured on multiple shows including *Top Chef Masters* and *America's Next Great Restaurant* and has published to best-selling cookbooks: *New Latin Classics* and *New Taco Classics*. She has also opened multiple restaurant locations in Miami International Airport, Dallas, Fort Worth international Airport and Hatfield Jackson Atlanta International airport. ASA members who are interested in participating must RSVP via email to asapac@asahq.org so your 2024 ASAPAC contribution can be confirmed. It will be a fun-filled evening without a doubt!

My other request is to ask you to consider contributing to the ASAPAC for 2024 if you have not yet done so. The ASAPAC is not a political organization, but rather designed to support Anesthesiologists and their practices by directly impacting legislative and regulatory issues that confront our specialty. The leadership and direction provided by the ASA legislative team and the ASAPAC has been invaluable in the CSSA's effort to oppose independent CRNA practice in Connecticut. Your participation in the ASAPAC is critical to the ongoing efforts to advocate for our specialty from both a local and national standpoint. Please consider a \$100 donation to the ASAPAC (QR code below) for 2024. I understand how busy everyone is these days with clinical responsibilities. By taking the time to contribute to the ASAPAC your voice is being heard, and you are directly engaging in the support and advocacy of our specialty. Thank you!

Respectfully,
John Satterfield MD FASA
